

INVITATION TO EVENTS

World First

**Gerrit Wolf, Fulbright Professor of Information Technology
February 15 – Sergel Plaza Hotel**

Professor Gerrit Wolf of the Harriman School of Management and Policy at the State University of New York at Stony Brook has the sort of background - and outlook on life and work, which alone would make it worthwhile to invite him to be a guest speaker at an American Club of Sweden networking luncheon.

We are particularly fortunate that Professor Wolf has accepted our invitation to be our guest speaker on 15 February because he is also Fulbright Professor of Information Technology. It is the first such post anywhere in the world – a *world first*. He arrived in Stockholm last year to take up the post which is hosted jointly by the Stockholm School of Economics and the Royal Institute of Technology.

Professor Wolf enjoys a full and varied career and life which has included research and teaching posts at leading US universities and institutes; executive development training, and writing (with a list of his published works on a wide range of subjects running to 3½ pages in his (CV!)). He is an extremely interesting and accomplished speaker who will share with us insights and experiences outside the boundaries of information technology.

So put the luncheon to the use it was intended and bring along some guests from your own network to share in what will be a very special event indeed.

11:45 a.m. – 12 noon	Networking + registration
12:00 - 1:30 p.m.	Luncheon
Cost:	SEK 200:- including coat check

Reservations must be received by no later than Monday, February 12.

Registrations to: marianne.larsson@vinge.se

No shows will be billed.
